

Search... Q

I'm just back from vacation. I read a few books, socked up some sun, and enjoyed a break from the daily routine. But returning to the wallties of fail has been a bit of a shock! If you're anything like me, the fail change of season feels full of anticipation and ambition. It's a holdower from childbod, when every September meant a fresh start and new challenges. At 1 get my kild ready to go back to school, my thoughts are turning to how to have a productive and enjoyable fall. My own back-to-school ritual, if you will.

s much as I loved being away, I always enjoy the feeling of returning home. And we're coming up on the months when we will spend t most time indoors. I **like to swap out my Yakion Berger home fragrances as the seasons change.** To make our home extra warm and veekcoming, I love to burn <u>Home Sweet Home Lamp, Rangance</u>. The warm, woody arama is perfect for creating a cory cocoon for quit time at home.

by thoughts are also turning to fall cooking. We won't be relying on outdoor grilling so much as the weather cools off. I love the stews and sough that come with colder weather. Unfortunately, when all the cooking is done inside, that's when odors get trapped in the technologies. The problem of prognote home forgances for fall, it's ounderful way to enjoy the crip, fully convained in the control of the contr

It's always a challenge to refocus on work after an extended break. Ifind I work best when I have a ritual to help me buckle down. I'm gload I have products from Maion Breger's <u>Anoma Focus Collection</u> for added focus Not only do they have a designful fresh, sipic years they are enhanced with peopermin and ball sessetal oid is to boot concentration and creativity, Available in a large home fregomena, every considerable of the product of days!

If there's one thing in my regular routine that I'm dreading, it's commuting Between work and home, errands, not to mention kid's tchielse. In evere ends! If you're like me, you're always looking for a way to break up streakful, monotonous drives. The good never is the knool no Berger has an extensive like of a crid diffuser with to not in fragrance options to I'v. And their latest live of sections of diffusers gives you total control over the intensity of the fragrance, To ease book into the routine and seep the spirit of vocation alwe, I've been loving the fruity, summery <u>Coconact Monot</u> fragrance in my <u>Bash Technical Diffuser</u>; I will treat myself to the elegant, woody <u>Under the Olives</u> The transport of the progrance once I've fully accepted that summer's over.
