Description

All the colors of the night sky captured in a lamp! In his first collaboration with Maison Berger Paris, Belgian designer Serge Rusak retained some of the distinctive codes of the Lampe Berger, while adding his own modern vision. The gradient color of the Molecule Night Sky Lamp starts in the deep blue hue of midnight, gradually fading to the lighter shade of a coming dawn. The top is smooth, transitioning to a faceted detail, then descending to a diamond point-patterned base in a nod to glassmaking tradition. The accompanying floral home fragrance, Underneath the Magnolias, cleans and gently perfumes the air. Voluptuous accords of damask rose meld with the scents of blue jacaranda and assert themselves on a woody note of patchouli. This stunning lamp will adorn your space like the glittering stars of a clear night sky.

The Lampe Berger has a unique and patented diffusion system that helps eradicate undesirable odors and bacteria while also diffusing your favorite fragrance. Purify your air the French way.

Lamp sold in a gift set with accessories: wick-burner, Molecule silver diffuser cap, stopper, funnel + 250 ml Underneath the Magnolias home fragrance. FRAGRANCE IS DYE FREE

*Please note, we DO NOT ship this product to California, Alaska, or Hawaii.

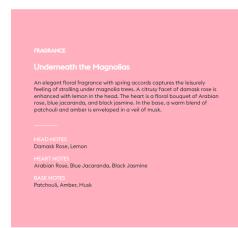

Because you deserve the best, we strongly advise you to use your Lampe Berger only with Maison Berger Paris fragrances. Why? Only the use of Maison Berger Paris fragrances with the Maison

Berger Paris catalytic process can guarantee quality and safe use of the Lampe Berger. Using fragrances other than those of Maison Berger can seriously damage your burner.

USAGE TIPS

- 500 ml home fragrance refill: 20 of diffusion 80 hrs of fragrance ce refill: 20 hrs
- II home fragrance refill: 40 hrs of diffusion 160 hrs of fragrance
- Remove the burner from the lamp if you are not using it for several weeks.

- Use the Air Pur So Neutral Home Fragrance to maintain your burner, to purify your space fragrance-free or to modulate the intensity of your fragrance by diluting it.
