INSPIRATIONS

Description

In the unique shade of muted blue that precedes the dawn, the Molecule Night Sky Scented Candle draws you in with its quiet presence. The candle's translucent glass vessel is classic and understated. Curving lines form a silvery pattern evocative of flower petals. The dancing flame of the cotton wick illuminates this candle like a celestial object in the night sky, casting a gentle glow as light reflects off the silvery details. The Underneath the Magnolias scent is floral and $\,$ voluptuous. Damask rose entwines with blue jacaranda on a base of patchouli in a remarkable chypre composition. Create the ultimate sense of quiet and possibility with a candle the color of the sky gently touched by the light of a new day.

- Made with a blend of wax.
- Cotton wick with braiding adapted specifically to the candle format and its fragrance.
- Fragrances created by French master perfumers, poured into a candle for even, controlled combustion.
- Intense, continuous perfuming, whether burning or not, for approximately 45 hours.

An elegant floral fragrance with spring accords captures the leisurely feeling of strolling under magnolia trees. A citrusy facet of damask rose is enhanced with lemon in the head. The heart is a floral bouquet of Arabian rose, blue jaccaranda, and black jasmine. In the base, a warm blend of patchouli and amber is enveloped in a veil of musk.
